Registration Deadline: September 1, 2018

The 20th SMS Global Strategy Paper Development Workshop (PDW), organized by the Global Strategy Interest Group, will be held in Paris from 13:00 to 16:00 h on Saturday, September 22, as part of the pre-conference program for the Strategic Management Society (SMS) Annual Conference in Paris. This PDW is open to all conference attendees.

The purpose of this PDW is to provide scholars with developmental feedback on their current research papers in the field of global strategy. The PDW is open to all scholars, but preference will be given to doctoral students and early career academics. While we hope that many of the participating papers will be eventually submitted to the Global Strategy Journal, Strategic Management Journal, Strategic Entrepreneurship Journal, and other journals that publish work in the field of international strategy, the purpose of the PDW is broader: to improve the quality of global strategy research by providing quality feedback, and to bring new scholars into the field.

Organizers:
Tina Ambos, University of Geneva; Grazie Santangelo, University of Catania and Luis Dau, Northeastern University

Panelists and Facilitators:
Alain Verbeke, University of Calgary; Alvaro Cuervo-Cazurra, Northeastern University; Björn Ambos, University of St. Gallen; Caterina Moschieri, IE Business School; Dan Li, Indiana University; Julian Birkinsahw, London Business School; Stephen Tallman, University of Richmond; and Torben Pedersen, Bocconi University
